

PROGRAM LAUNCH SUCCESS SPECIALIST

ABOUT KIDS HOPE USA

At Kids Hope USA, we believe that all kids matter to Jesus and that the local church is uniquely called to care for children in their community. Students deserve caring and consistent adults in their lives to help them thrive. Since 1995, Kids Hope USA has lived into that belief, and into our mission to build life-changing relationships, one at a time.

Kids Hope USA pairs community-focused churches with their neighborhood school to send volunteer mentors into the schools to meet with students in a one-on-one mentoring relationship. Kids Hope USA reaches students who are selected by their teachers, school counselors, and principals as children who could significantly benefit from an additional adult in their life. Today, Kids Hope USA is represented in over 1,000 mentoring programs across the country.

Do you share our passion to mobilize the local church to bring hope to the lives of children in their community? Are you a high energy, creative, collaborative team member with a strong record of driving and delivering results that exceed expectations? Are you looking for meaningful work with a growing organization looking to make a lasting impact in the lives of children? If this describes you, Kids Hope USA could be the right team for you to join and make a difference as our new Program Launch Success Specialist.
