

BUILD A RELATIONAL BRIDGE WITH US

Will you partner with Kids Hope USA to serve our students with a caring mentor?

We invite you to consider a **Kids Hope USA partnership** to make a difference in your local community.

We have a great need for positive mentors to come alongside some of our students who could benefit from an encouraging and supportive one-on-one mentoring relationship. We would love to be one of the hundreds of schools with a Kids Hope USA program. Your church can help make those relationships a reality for our students.

WHAT IS KIDS HOPE USA?

Kids Hope USA is a national organization that equips churches to serve their local public elementary schools by providing positive adults to serve as mentors. Through a Kids Hope USA mentoring program, church members are active participants in serving the children in their community in a consistent and caring way.

Since 1995, Kids Hope USA has provided a turn-key solution with structure, training, support and resources designed for churches to use in the public school setting.

LET'S CONNECT!

We look forward to connecting with you about this exciting opportunity! Please reach out to us or connect with Kids Hope USA by emailing partnerships@kidshopeusa.org or visiting kidshopeusa.org.
